

## Driving directions to the Nizkorodov lab at UCI

Study the **campus maps** (<http://www.uci.edu/visit/maps/>) to find the easiest way to get to the campus. A relevant segment of the main campus map is reproduced below. The Nizkorodov lab is located in the building called Rowland Hall, which is building 400 on the map.

Drive to one of the following parking lots:

- *Option 1 – less expensive:* enter **lot 16** from Bison, and by a parking permit. The parking permit vending machine is labeled by a star. You may park your car in any UNLABELLED spot.
- *Option 2 – more expensive:* enter **lot 12B** from East Peltason Drive and park by the parking permit vending machine, which is labeled on the map by a black star. Buy a parking permit in the vending machine and park your car in any place labeled “visitor”.
- Do not put your car in spots labeled “AR permit”, “X-permit”, “Residents only”, etc.

Come to Rowland Hall (**building 400**), which is within a short walk from the parking lots. Take the elevator in the lobby of Rowland Hall to the third floor. Turn right upon exiting the elevator and then left. At the end of the corridor you will find rooms 377 (Dr. Sergey Nizkorodov’s office), 385 (the lab) and 385A/B (the student offices). If there is no one there try room 317A, the office of Dr. Patricia Terrell, our administrative assistant. Call one of these numbers if you are lost.
